Launching of Jotun Multicolor Centre – All the Colours in the World

Protective Coating MCI

Decorative Paints MCD

Jotun ColourAdvisor

MarVynn Gan

Message From MarVynn Gan

For the past 21 years with great determination, strength and integrity, we are proud to be associated with Jotun (M) Sdn. Bhd. Being one of the **Worldwide Leading Paint Technologists**, continuous new products innovation have led us to a successful positive growth, with strong commitment and loyal partnership.

It's indeed a great pleasure to invite Mr. Peder Bohlin, Managing Director of Jotun Malaysia for officiating the launching of **Jotun Multicolor Centre** to mark an important milestone in our organization. The timing for the launching with the implementation of **New Jotun ColourAdvisor** is to further enhance customer's expectation and confidence. To all our business associates, suppliers and valued customers who have been supporting us in one way another, we express our highest appreciation with continuous prosperity towards the future. Thank you.

Jotun Multicolor Centres

- One of the Pioneer Paint Companies to introduce Multicolor Tinting Machine in 1976.
- Today, Jotun has the largest network of Multicolor Centres in the Region.
- The outstanding Jotun mindset which is different from the rest that makes what it is today in Malaysia and globally being **"No.1 Quality Paints"**.

Introducing New Jotun ColourAdvisor

- Take a picture of your home or building to be painted.
- Upload your own picture onto the ColourAdvisor.
- Select the best combination and your favourite colours.
- Jotun MCD tinting machine will produce your dream of colours within 3 minutes.
